Cottonwood Public Library

The Cottonwood Public Library hired Adventure Royal LLC Nerf Battle Arena out of Camp Verde. We used our Recreation Center Gym, and the kids took turns battling it out!

Next, we did a therapy dog read-a-thon day. We collaborated with Paws for a Cause, a local therapy dog group and the Verde Valley Humane Society. We had 9 different therapy dog/handler teams and reached 70 patrons! The kids took turns working on their reading skills. After, we did a dog related craft and learned about the Humane Society.

We also did a summer splash “messtival” for 0–5-year-olds. The fire department came and taught the kids about fire safety, and they got to play with the hoses. The kids also did messy craft activities, had their faces painted and played in a kiddie pool.

new. LVL Up Lunch appealed to our teens, knowing that they are making something from a game or a movie that they love!

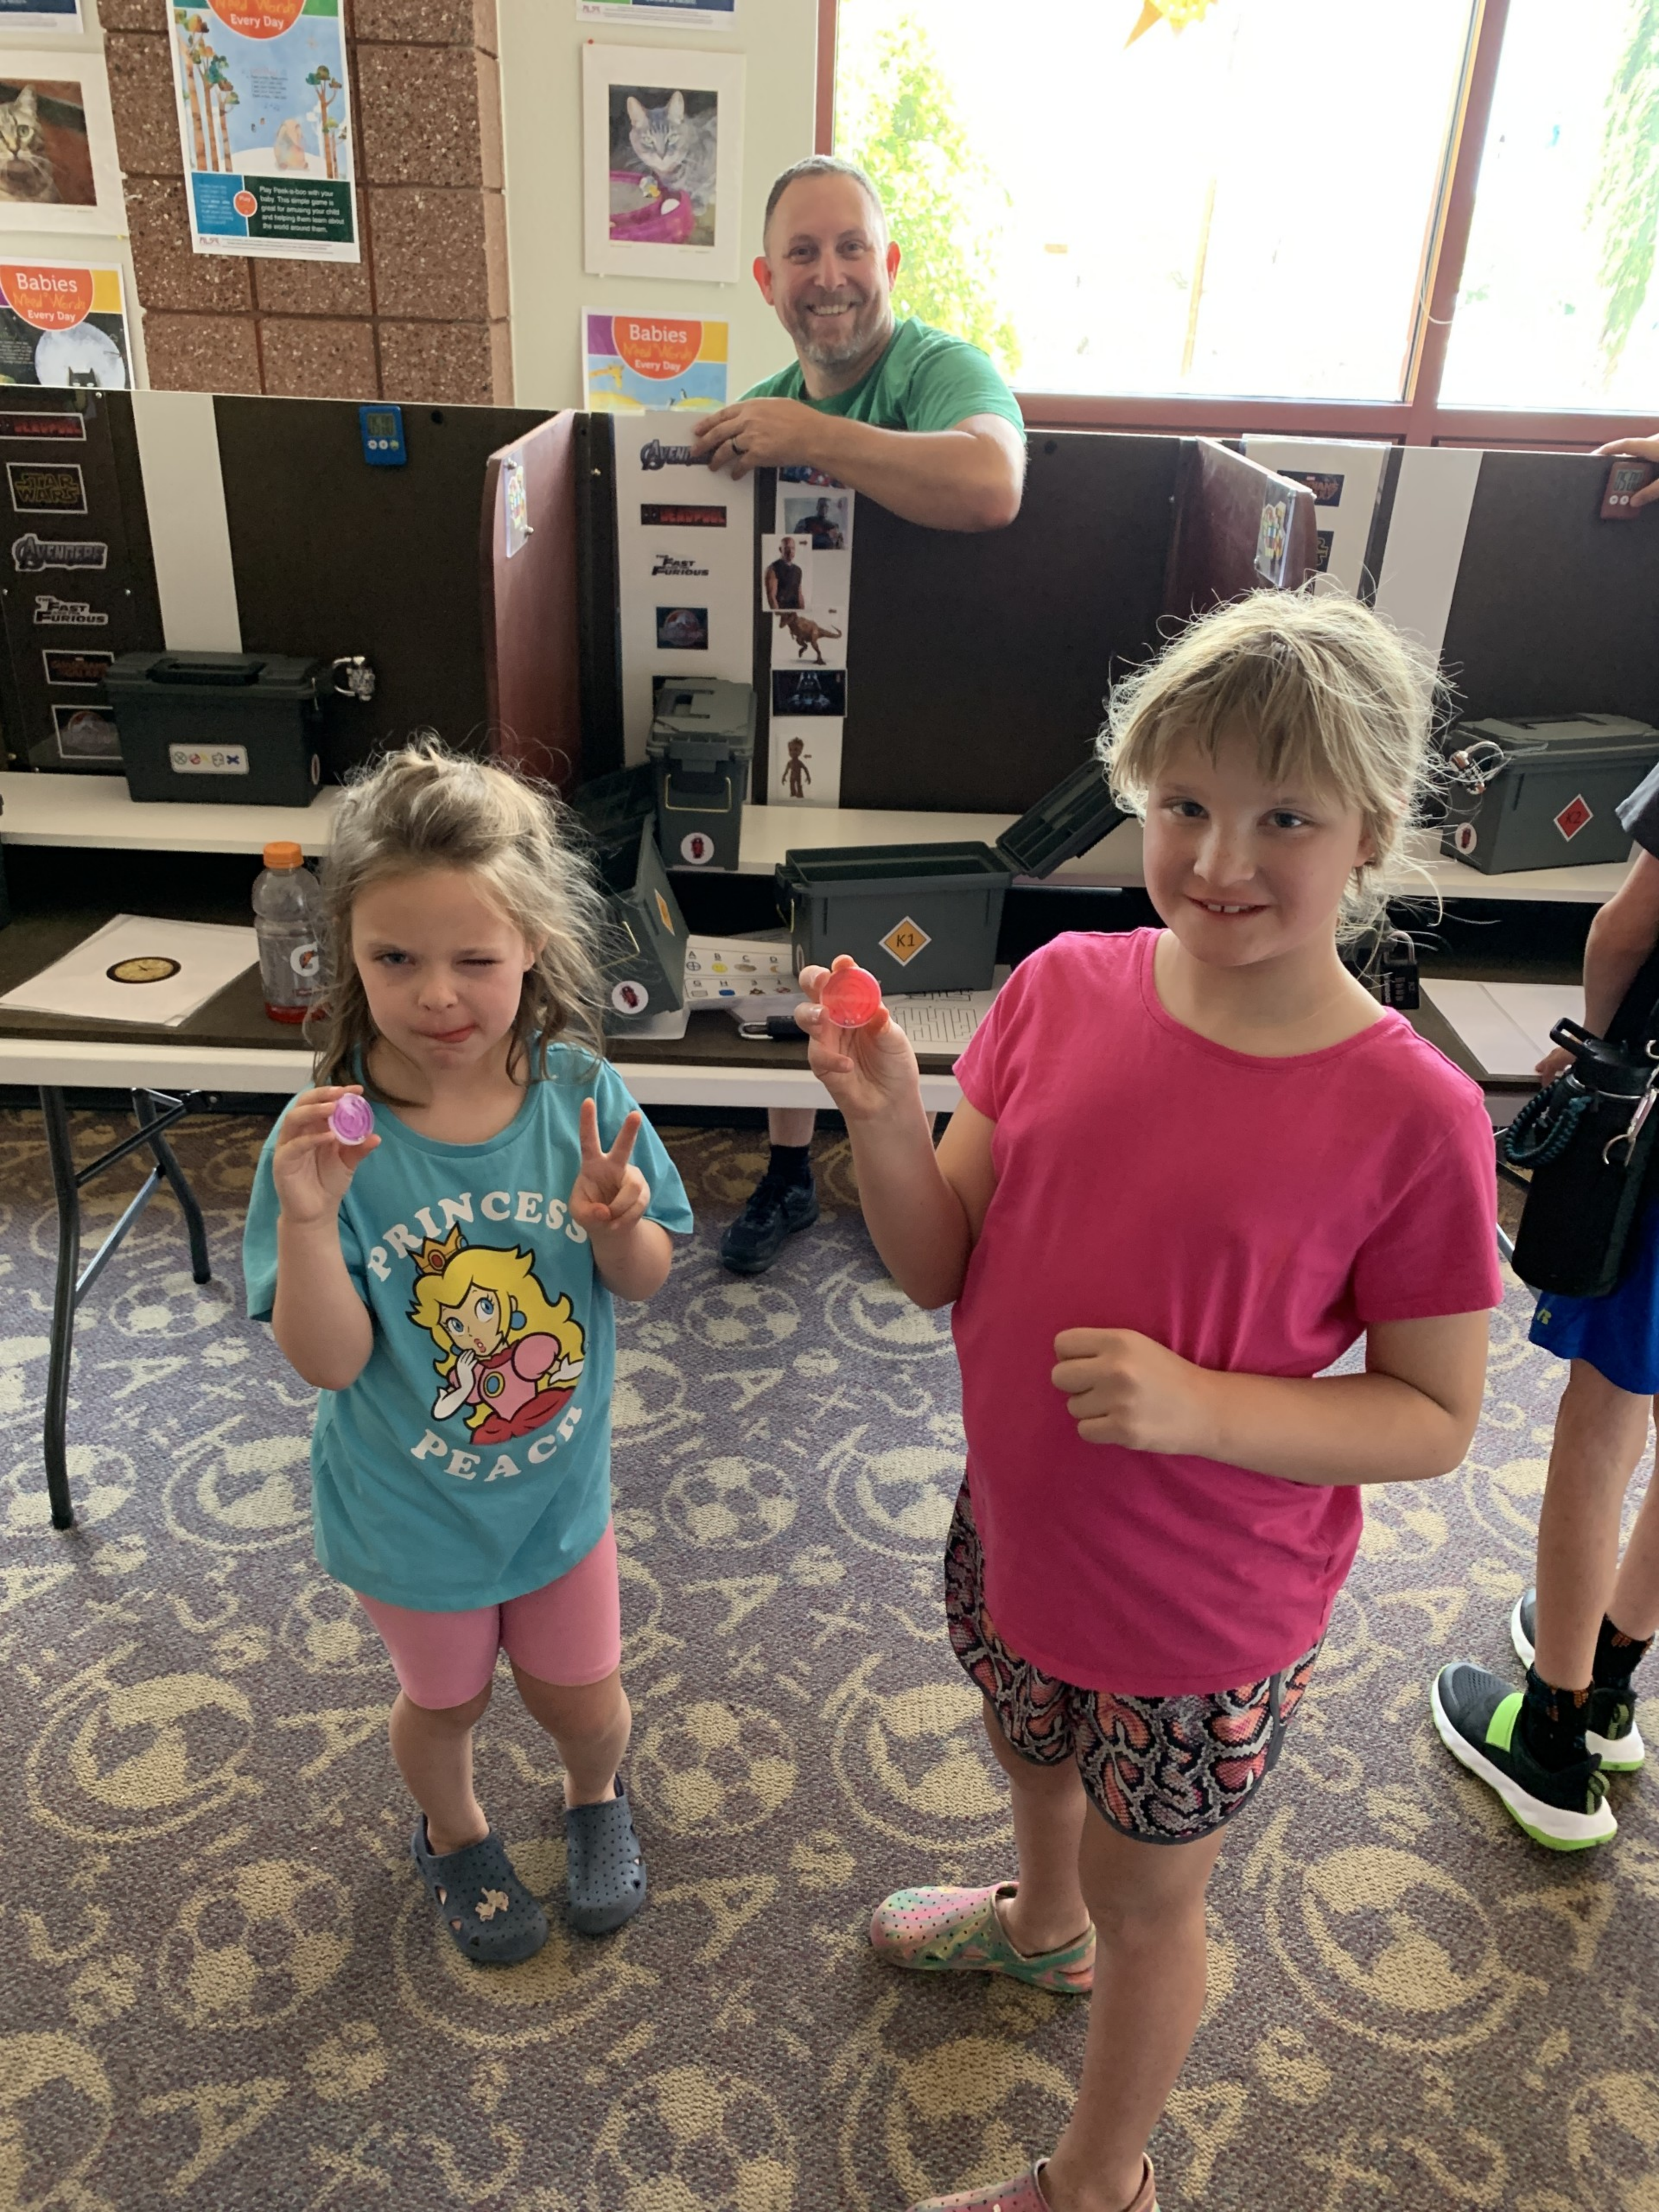

Since I'm a fan of pop culture, I'm happy that I can share my interest and teach our library youth how to cook screen-to-plate meals!

“

Hi, I'm Dana Dowell, and I am the Youth Program Coordinator for the City of Cottonwood. I have been employed in this position since March of 2022. I grew up in Cottonwood and am glad to be back serving my community. This is my third summer of planning and overseeing 10 weeks of summer camps offered to residents of the city and surrounding communities. I have thoroughly enjoyed meeting and providing fun and engaging activities for our kids. Along with summer camps, I have had so much fun spending time with kids from the local schools in the after-school program, also offered at the youth center.

Parks and Recreation is important to me as it gets families out of the house and away from distractions. Parks and Rec provides parks to play at, pools to swim in, trails to hike and see the beautiful scenery, and a Rec center to stay healthy.

When I'm not working I enjoy spending time with my husband, two adult children, and our dogs.

”

Dana Dowell

Recreation Coordinator II - Youth Programs

“

I am Julia Root and I have been employed with the City of Cottonwood for 3.5 years and currently serve as the Recreation Center Supervisor.

I hold a master's degree in Parks and Recreation Administration and Recreation Management. I have also maintained my certification as a Certified Parks and Recreational Professional through the National Parks and Recreation Association.

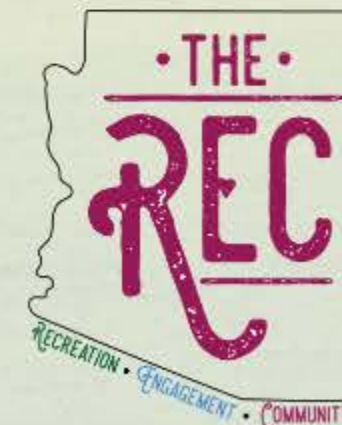

Outside of work, I prioritize spending quality time with my family by going on walks, swimming, and occasional trips.

Parks and recreation is important to me because it creates life-enriching programs that foster a vibrant community and cohesive neighborhoods.

”

Julia Root

Recreation Center Supervisor

“

Jak Daniel Teel, CPRP, Parks, Recreation, and Library Director for the City of Cottonwood, has been recognized by Marquis Who's Who Top Executives for dedication, achievements, and leadership in civil administration and was awarded inclusion as a top executive in 2022.

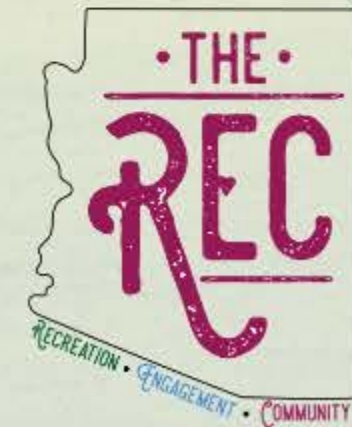

Since 2020, he has served as a member of the Executive Team for the City of Cottonwood, and has been with the organization since 2004. Jak attended Northcentral University and graduated with a Bachelor of Arts in Business Administration, Management, and Leadership. He is a Certified Park and Recreation Professional through the National Recreation and Park Association and served as the Northern Arizona Region Representative for Arizona Parks and Recreation from 2020 to 2023.

Jak's philosophy is to promote the building of a community through individual growth, acceptance, and success at all levels. Jak believes this is "accomplished through creating connection opportunities through organized activity and engagement." He believes "whether you are enrolled in one of our many group exercise classes or taking a Learn To Swim class, we want you to feel connected to our services while encouraging healthy growth in yourself and others."

”

Jak Teel

Parks, Recreation, and Library Director

“

Hello all! My name is Landon Trezise and I'm a Full Time Recreational Lifeguard for the City of Cottonwood. I have been working for the City as a Guard for over 5 years now, and it's been an amazing experience.

I am finishing up my Associate degree through Yavapai Community College and hope to go on to UoA where I will study to become a shrink! I love the water, and I love the brain, which continently lines up with both my area of study and current employment, which I feel blessed with.

Our Parks and Recreation department will always hold a special spot in my heart, as I believe that good social systems and programs lead to an overall more connected and friendly community. Plus, getting outside and off of some screen is amazing, and only grows more important as technology continues to become ever more pervasive in our lives.

”

Landon Trezise

Lifeguard - Full Time

“

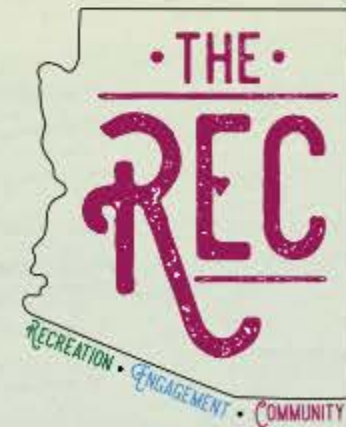

I have been working for the City of Cottonwood for a bit over two years, and I could not imagine being content somewhere else in that time instead. I recently graduated from Mingus Union High School and plan on attending Northern Arizona University in August 2024 to study Computer Science.

Parks and Rec is important to me because I got my first job being a Lifeguard at our pools, and I've learned invaluable lessons about life through that. It also provides an array of fun opportunities for our community to come together and grow stronger, built on principles such as unity, acceptance, and engagement.

”
